

DOMINIK MURANYI

Swansea, Wales SA5 4BN
07482723632
dominik.muranyi@gmail.com

SUMMARY

While still building on my professional experience, I have developed a strong foundation in JavaScript, Web Development, and Object-Oriented Programming. I am skilled in modern web technologies, including React, and am eager to apply my knowledge in real-world projects. With a focus on creating efficient and scalable solutions, I am always seeking opportunities to learn, grow, and refine my skills in this ever-evolving field.

EXPERIENCE

Self-Taught Skills and Projects

1. Full-Stack Development

- Developed a strong proficiency in both front-end and back-end development through various projects, including a Finance Tracker, Manga Website, and a WebSocket-based Discord Clone.
- Managed, maintained, and debugged complex, multi-page applications.
- Integrated and utilized RESTful APIs to enhance the functionality of websites.
- Designed and implemented multiple user access levels, including casual browsing (non-logged-in users), regular users, moderators, and admins.
- Built and deployed fully responsive websites to ensure optimal user experience across devices.

2. Data Handling

- Proficient in MySQL, frequently using it in combination with Express.js to manage and maintain backend data and processes.
- Deep understanding of database table structures and the critical relationships between them for efficient data management.

3. Auxiliary Skills

- Experimented with various designs in Figma to create engaging user interfaces and layouts. Utilized version control (Git) to back up and manage code, ensuring smooth collaboration both independently and within teams.
- Organized project structures to compartmentalize features and maintain clean, maintainable code.

Employment History

MCDONALDS

Swansea, Wales

Crew Trainer

10/2023 to Current

- Instructed new team members on correct procedures for all areas of operations.
- Monitored employee performance through observation and metrics, conducting training sessions based on improvements needed.
- Closely monitored employee operations to determine employee weaknesses and development required.

SWANSEA UNIVERSITY

Swansea, Wales

Event Organiser (Volunteer)

09/2022 to 12/2022

- Coordinated team members' availability, secured meeting locations, and sent regular reminders to ensure timely attendance. Documented meeting discussions and uploaded them to a shared community board, ensuring all team members had access to and were clear on previously covered topics.

SKILLS

- Technical Problem-Solving
- Continuous Learning Mindset
- Collaboration and Communication
- Time Management and Organisation
- JavaScript, React, HTML, CSS (Tailwind)
- Php, MySQL, Laravel, Docker, Express.js
- GitHub, Figma, Trello, Java, C#, Python

EDUCATION

BACHELOR OF SCIENCE: COMPUTER SCIENCE 2023
Swansea University, Swansea

My dissertation focused on Artificial Intelligence, but I particularly enjoyed Web and Game Development. I also tackled challenging modules like Advanced Object-Oriented Programming and Cryptology.

A LEVELS: COMPUTER SCIENCE, MATHS, ELECTRONICS 2020
Gower College, Swansea

For my Computer Science final project, I developed a standalone game. Though challenging, I thoroughly enjoyed pushing and overcoming my limits, achieving an A overall.

GCSES: MATHS, ENGLISH, SCIENCE, IT, PERFORMING ARTS... 2018
Dylan Thomas Community School, Swansea

In secondary school, my strongest subject was Maths, where I achieved double As. While I initially struggled with English due to moving from Hungary just two years prior, I worked hard to overcome the language barrier.
